

WARN THE STRIKERS BY SHOOTING GUNS

DEPUTY SHERIFFS FIRE A VOLLEY OVER THEIR HEADS

Another Bulletin Issued—Miners Are Still Sanguine That They Will Win—Work Stopped At Roanoke, Ill.—State Meeting Of Operators Called.

Pittsburg, Pa., July 30.—If the success or failure of the miners' strike depends on getting out the New York and Cleveland Gas Coal Company's men and the diggers employed in West Virginia, it can be positively stated that the suspension will not be successful.

All last week the agitators labored hard to bring out the West Virginia men, and failed. Thursday Eugene V. Debs and the local labor leaders tried to "strike" the New York and Cleveland Company's diggers, and they failed. Of the 1,200 men in the Turtle Creek, Sandy Creek and Plum Creek mines, less than 100 attended the mass meeting. All the others continued at work. They say they will not strike, no matter what happens. Several hundred strikers have gone into camp near Sandy Creek and will try to change the minds of the diggers. The latter say they went into the strike of 1894 because of sympathy for other miners and got the worst of it.

ARE SURE OF VICTORY.

Optimistic Bulletin Issued by the United Mine Workers.

Columbus, O., July 30.—Bulletin No. 2 from the headquarters of the United Mine Workers of America to the miners and mine laborers of the country, says, in part:

"We have greater confidence of victory than ever. The supply of coal on hand is still low and would have been entirely consumed before this time were it not for a few sections of West Virginia, Southern Illinois and a portion of Kentucky, central and north-eastern Pennsylvania (anthracite), where no effort as yet has been made to have them join our movement—which, when done, will soon decide the contest.

"The organized labor of the country, without respect to forms or past differences are making our fight their fight and have thrown all available force morally and financially into the movement. In western Pennsylvania 1,000 men have stopped work since the last bulletin was issued. This makes a total of 21,000 men now idle. In Ohio 28,000, or all, are idle. In Kentucky and Tennessee little change has occurred since the last bulletin was issued. About 4,000 miners are idle there.

"In Indiana the supply of coal is almost shut off and 8,000 miners are idle. Fully 35,000 mine workers in Illinois have laid down their tools. The suspension is practically general. The only coal mined is in the southern field. Organizers believe that all will stop in a few days.

"West Virginia has been the main battle ground. The Fairmont district is completely tied up with 13,000 mine workers idle in the state. Indications point to a complete cessation of work before August 1."

MAY HANG UP CROPS.

Coal Strike Threatens to Do Injury to Farmers.

Chicago, July 30.—The shortage of coal in the Northwest threatens to seriously interfere with the moving of crops unless the miners' strike is settled soon. Reports from all directions indicate a growing famine. Nearly every railroad entering Chicago is more or less crippled for want of good steam coal, and some already are reduced to a "hand to mouth" condition, with scarcely one day's extra supply on hand. All extra work has been abandoned, and many switching engines have been taken out of service for the sake of economy.

If the condition continues to grow worse the coal dealers say there will be much delay in moving crops throughout the entire Northwest and Middle states. Shipping charges will necessarily go higher, and the farmers will be forced to stand the loss.

FIRE IN THE AIR.

Deputy Sheriffs Give Visiting Strikers a Graphic Warning.

Pittsburg, Pa., July 30.—A delegation of strikers was sent to Sandy Creek Thursday, headed by the Banks-ville band. They did not go upon the property of the company, but stopped on the township road close to the tiple, and, as the men went to work, they were halted. The deputy sheriffs approached the strikers and read injunctions preventing them from going upon the company's property. Some few of the visitors disobeyed the order, and as they proceeded down the road to the tiple they were greeted with five shots from Winchester in the hands of deputy sheriffs, who fired over their heads. In response to this fusillade the drum corps started a lively tune, but no shots were fired in return.

No Trouble in Roanoke.

Roanoke, Ill., July 30.—The expected raid of the coal miners of Minonk, Wenona, Streator and other adjacent towns filled the people with terror, and many did not retire. The sheriff made

as complete preparations as possible for the visitors, but it was apparent that his force would not be sufficient to cope with the invaders. About 6 o'clock half a dozen of the leaders came in and requested an interview with the mine officials. The meeting was private, but it is known on the most reliable authority that the visitors insisted that the mine shut down. They threatened to prevent operations if the company did not comply with their request. The men were there in force sufficient to carry their threat into execution, and the officials made an unconditional surrender.

Money Is Freely Subscribed.

Indianapolis, July 30.—The committees appointed to collect money for the striking miners are meeting with liberal responses from the business men of this city. Nearly \$1,000 has been subscribed within the last two days and several remittances were made to the coal fields for distribution among the needy. The Board of Trade has \$500 which was collected for flood sufferers several years ago and this will be turned into the miners' fund.

Call for Illinois Operators.

Peoria, Ill., July 30.—The executive committee of the coal operators of the Peoria district has issued a call for a state meeting here next Tuesday. The object is the formation of an organization independent of all eastern associations. The call states that the meeting is called to consider the present strike and discuss the wages scale. It is the intention to get the miners interested also.

THE BASEBALL REPORT.

Results of Yesterday's Games Played in the Various Leagues.

Within reaching distance of seventh place, the Colts, uncertain as ever, missed the necessary victory yesterday, and will find it necessary to capture both of the remaining Pittsburg games to overtake the Pirates during the present series. No other games were played, except at Washington, where Baltimore won, thereby drawing slightly ahead of Cincinnati. Scores:

At Chicago—Pittsburg 4 0 0 0 0 2 15—13 Chicago 0 0 1 3 1 0 1—4

At Keokuk—Quincy, 10; St. Joseph, 5.

To Enroll Foreigners.

Brussels, July 30.—The chamber of deputies has passed a bill compelling all foreigners who have had a year's residence to enroll themselves in the civic guard. The measure is the result of the very great increase of late in the foreign colonies at Antwerp and in this city. It is expected that the senate will kill the bill, but M. Schollart, the minister of the interior and public instruction, threatens to resign his portfolio unless the measure is passed into law.

Higher Wage Scale Promised.

Philadelphia, Pa., July 30.—The delegates representing the wage committees of the Eastern, Western, and Northern districts of the Window Glass Workers' association of the United States, will ask an increase in wages. The delegates have every assurance from the manufacturers that as the new tariff bill, which benefits the window glass trade considerably, has become a law, an increased scale for the workers will be favorably considered.

Refused to Leave Work.

Pittsburg, Pa., July 30.—A body of 150 striking miners marched to Corey's mines, near Duquesne, for the purpose of inducing the men at work to quit work. The raid was unsuccessful, as the men refused to join the strikers. J. B. Corey, the mine owner, notified the sheriff that he would hold the county responsible in the event of trouble and damage to his property.

Severe Storms in Spain.

Madrid, July 30.—A dispatch from Barcelona says that severe storms have prevailed throughout Catalonia for the last few days, with devastating effect among the vineyards. Out of the 130,000 hectares of vine lands scarcely five thousand have escaped. In the districts of Tarragona and Girona at least 80,000 hectares of vine lands have been seriously damaged.

To Free Irish Prisoners.

London, July 30.—As a result of the efforts of John Redmond, the Parnellite leader, it is probable that the government will soon release the five remaining Irish prisoners, Wilson, Burton, Dalton, Flanagan and Fetherstone, now undergoing sentences of penal servitude for life in Portland prison. It is thought probable that the forthcoming visit of the Duke and Duchess of York will be signalized by the release of all Irish political prisoners.

POSITION OF JAPAN NOW MADE CLEAR

DESIRES TO BE FRIENDLY WITH UNITED STATES

Count Okuma Interviewed—He Declares the Maintenance of Pleasant Relations With This Country Is Of More Importance Than the Interests In Hawaii.

Washington, July 30.—Count Okuma, the Japanese minister of foreign affairs, takes a much more sensible view of the Hawaiian annexation question than is generally imputed to Japanese officials. When asked by members of the Japanese parliament what he intended to do should the United States incorporate Hawaii in its territory, the count said he had no desire to resort to arms in case such a decision should be reached. America, he said, was far more important to Japan than was Hawaii. Japan had very close commercial connections with the United States, so that in his opinion it was far more important that Japan's interest in Hawaii should be abandoned than that any steps should be taken likely to endanger her friendship with the United States. It is reported that Hawaii will ask that King Oscar of Sweden and Norway act as arbitrator in the matter of the difficulty between the islands and Japan.

Apologies to Portugal.

Washington, July 30.—The incident at Monterey, Cal., on the Fourth of July, involving the destruction of a Portuguese flag, is well on the way toward a settlement. A report has been received at the state department from the governor of California which shows that the affair was the work of some irresponsible person, whom it has not been possible to identify and punish, and the people of Monterey are unanimous in condemnation of the insult. With a proper expression of regret on the part of our government and the inclosure of this report it is believed the incident will be closed satisfactorily.

Protectorate Is Established.

Washington, July 30.—According to the official colonial list, as announced in the cables from London, Great Britain has established a protectorate over Jarvis island and the Phoenix group, comprising Phoenix, Birnie, Hull, Gardner and Sydney Islands, and over Washington (or New York) island and Palmyra and Johnson Islands.

CANADIAN LOGGERS HIT.

The Tariff on Lumber Will Throw Out 1,000 Men.

Toronto, Ont., July 30.—The duty on logs of \$2 a thousand feet which the United States government began to enforce Friday will stop the export of timber from Canada to the states and close numerous lumber camps during the ensuing winter. The South River lumber company held a meeting here to arrange for the withdrawal of its men from the woods. It is said that about half a dozen firms now engaged in lumbering in the Parry Sound district are about to take similar steps. About twenty camps will be discontinued and over 1,000 men will have to seek employment elsewhere.

Lumbermen hold that it would not be wise for the Canadian government to adopt a policy of retaliation which would make matters worse. The imposition of a duty on pulp logs, for instance, would have the effect of a double hindrance.

Work of Lutheran Synod.

Baltimore, Md., July 30.—The second day's session of the fifth biennial convention of the English Evangelical Lutheran synod was opened Thursday with prayer by Rev. J. Nickel of Akron, O. The meeting at once proceeded to business and officers were elected and committees formed for the two ensuing years. The newly elected officers are: Rev. F. Krieger, Kerner's Store, Va., president; Prof. A. M. Meyer, St. John's College, Winfield, Kan., vice-president; Rev. William Schoenfeldt, New York, secretary; A. E. Succop, Pittsburg, treasurer.

To Plan a Ship Canal.

Washington, July 30.—The secretary of war has announced the appointment by the president of Major Charles W. Raymond, corps of engineers, United States army; Alfred Noble of Chicago and George Y. Wisner of Detroit as a board of engineers to make surveys and examinations for a deep water way from the great lakes to the Atlantic tidewaters. The new board will probably be immediately organized, and will undertake the work with a view to reporting to congress at the next session.

Condition of Gov. Drake.

Centerville, Iowa, July 30.—Gov. F. M. Drake was brought home from Des Moines in a private car Wednesday, and is now resting easy at his home in this city. He is indeed a sick man, and his physicians tell him he will not be able to return to Des Moines before the last of August.

Domino Is Dead.

Lexington, Ky., July 30.—Domino, the famous race horse, died at the farm of James R. Keene at 3 o'clock this morning of meningitis. He was taken ill yesterday and six veterinaries could not save him. Domino was foaled in 1891 and won about \$100,000 in stakes and purses.

CAN'T BUILD BOATS WITHOUT THE MEN

WORKMEN GO TO SEEK GOLD IN ALASKA.

Contractors Are In a Fix—Completion of the New Torpedo Boat at Seattle Will Be Delayed—Pirate Story Laughed At—Warning From Mrs. Schwatka.

Washington, July 30.—The navy department has felt the effects of the gold craze. The firm of Moran Bros., located in Seattle, is building the torpedo boat Rowan, and had made good progress until the Alaskan exodus set in. Now they have informed the navy department that so many of their workmen have dropped their work to go to Alaska that they are obliged to appeal to the navy department for an extension of time in which to complete the boat. The land office is receiving many applications for copies of the public land laws by persons who profess their intention of going to Alaska. The office has been obliged to notify the applicants that the land laws have not yet been extended to Alaska, though the mineral laws apply.

Pirate Story Laughed At.

San Francisco, Cal., July 30.—The dispatch from Washington to the effect that a convoy of revenue cutters would be detailed to accompany the steamer Portland out of the Bering sea when she leaves St. Michaels with \$2,000,000 of Alaskan gold for this port in September next because her owners feared that she might be attacked by pirates created considerable amusement among local shipping men, and the consensus of opinion seemed to be that some practical joker had worked upon the credulity of President Weare with marked success.

Road Strewn With Skeletons.

Benton Harbor, Mich., July 30.—The widow of Lieut. Schwatka, the artillerist, being interviewed here concerning the Klondike gold regions, which country she has repeatedly visited with her husband, says that the government should stop the tide of immigration pouring into the gold fields in Alaska. She says the mountain passes are strewn with the skeletons of unfortunate miners, who perished from either cold, heat, malaria or starvation while trying to reach the golden region.

Delegates to the Alliance.

Pittsburg, Pa., July 30.—The general convention of the Young People's Alliance of the Evangelical Association opened in this city Thursday night. Three hundred delegates were present from all parts of the country. After devotional exercises the delegates were welcomed by Mayor H. P. Ford, the Rev. W. L. Smith and W. A. Stitzler. Responses were made by Bishop C. J. Breyfogle, of Reading; the Rev. C. Staebler, of Buffalo, and J. J. Arnold, of Chicago. The alliance includes 912 societies, with a membership of 32,000.

Elect Officers at Eureka.

Eureka, Ill., July 30.—The Illinois Christian encampment devoted the greater part of Thursday morning to the business of the missionary society. J. H. Hardin, Eureka, was chosen president. The business meeting was followed by an address by Dr. J. H. Hardin, on the subject, "Go Forward." At the close of this address, J. H. Smart, of Centralia, spoke on "Practical Work in State and District." In the afternoon the subject of Christian education was taken up and several papers were read.

Curious Dilemma in Iowa.

Des Moines, Iowa, July 30.—The Rev. E. L. Eaton, of Des Moines, cannot run for the governorship on the Prohibition ticket this year. He was nominated Wednesday, but the state constitution says no man shall be governor who has not been a resident of the state two years next preceding the election. Dr. Eaton came to Iowa from Racine, Wis., Oct. 2, 1896, to begin his work as pastor of the First Methodist Church of Des Moines.

Rich Find of Native Copper.

Houghton, Mich., July 30.—Five drill holes in Six Mile Hill shafts were blasted Wednesday, and broke up seven tons of ground, over one ton of which was native copper. This is three times as rich as the Calumet and Hecla mine, which has paid dividends of \$49,850,000 in less than a quarter of a century. The discovery has caused excitement throughout Lake Superior mining districts.

They Refuse to Serve.

Winterset, Iowa, July 30.—Five members of the state central committee, selected at the recent Democratic-Populist fusion convention in Des Moines, have resigned. They are George W. Davis, of the first district, A. W. Ricker, of the second, L. H. Weller, of the fourth, Theodore W. Ivory, of the ninth and M. E. Smith of the tenth.

Trail of Rain Behind.

New York, July 30.—The floods which did much damage in New Jersey Wednesday have somewhat receded. In their wake is a trail of wrecked barns, ruined crops, impaired tracks, and all the traces of a full-fledged deluge.

ELECT A GALESBURG MAN.

L. W. Sanborn Made President of the Building and Loan League.

Detroit, Mich., July 30.—Business was resumed promptly at 10 o'clock Thursday morning by the United States League of Building and Loan associations. There was a full attendance and the reading of addresses proceeded rapidly with no delay and with very little discussion.

D. Eldridge of Boston gave a "Few Notes on the Management of a Co-operative Bank." The authority to make loans on the part of the secretary of a co-operative bank should be exercised with extraordinary care and great wisdom. Affairs in this line ought to be so conducted that if a question of a proposed loan reach the directors, that would be presumptive evidence that it had passed the ordeal of the secretary's scrutiny, and the committee's examination.

"The Rights and Duties of Building and Loan Associations to Stockholders and Their Relations to Creditors," was discussed in a paper by A. J. Duncan of Columbus, deputy inspector of Ohio building associations, and a brother-in-law of President McKinley. Mr. Duncan urged stricter compliance with the foundation principles of building associations and closer observance of state statutes relative thereto.

Albert Barnes of Decatur, Ill., treasurer of the Illinois league condemned the practice of apportioning at any time more profits than had been actually earned, and showed that unless an association had an ample contingent or reserve fund, the shares in force when a loss is met must inevitably bear the burden, not only of their own proportion of the loss, but also additional burden of that part of the loss which should be charged to maturing shares.

Omaha was selected by acclamation for the convention of 1898, after Cincinnati and Niagara Falls had made somewhat feeble efforts to secure it. The following officers were elected:

President, L. W. Sanborn, Galesburg, Ill.; first vice-president, William L. Bloomer, Buffalo; second vice-president, Timothy R. Foster, Vickburg, Miss.; third vice-president, Thomas J. Fitzmorris, Omaha; treasurer, William C. Shephard, Grand Rapids; secretary, Herman F. Cellerius, Cincinnati; assistant secretary, George F. Kostmayer, New Orleans.

Central America United.

Washington, July 30.—A report has been received from William Meyers Little, consul at Tegucigalpa, Honduras, inclosing a copy of the treaty that has been signed by the representatives of the five Central American states, or the republics of Guatemala, Costa Rica, Nicaragua, Honduras and Salvador. It goes into effect Sept. 15. The union is named the "Republic of Central America," and the countries forming it will take the name of states.

Great Fleet Massing.

New York, July 30.—The United States warships that will take part in the midsummer maneuvers are beginning to rendezvous at the anchorage off Tompkinsville, Staten Island. There will be assembled there the most powerful fleet of American warships ever gathered together. On Monday morning the fleet will weigh anchor and proceed to Newport, near where the squadron will spend the month in sea maneuvers.

New Oil Territory.

Hartford City, Ind., July 30.—The discovery of a 600-barrel oil well almost within the city limits threw this city into a great state of excitement. The well is a mile and a quarter from the court house and is located on the S. S. Carroll farm and owned by the Manhattan Oil Company. It is located in undeveloped territory and surrounded on all sides by unleased territory.

Christian Workers in Session.

Northfield, Mass., July 30.—The general conference of Christian workers opened here Thursday evening with a most encouraging attendance. The conference will end Monday, August 16. This country, England and the Asia are represented among the speakers and teachers by many well-known divines and evangelists.

Concessions Made to Germany.

Constantinople, July 30.—At a meeting of the ambassadors the indemnity clause in a form satisfying the views of Germany was agreed upon. It now awaits the approval of the respective foreign officers. Another meeting will be held on Saturday, when, so far as the ambassadors are concerned, the negotiations will be concluded.

Dubuque City Bonds Invalid.

Dubuque, Iowa, July 30.—It has been discovered that \$1,188,400 of city bonds are defective because the resolutions authorizing their issue were not signed by the mayor. It is thought a curative act by the next legislature will remedy the defect.

Accident in a Coal Mine.

Athens, Ill., July 30.—While a gang of men were putting props in the co-operative mine Thursday morning the timbers fell, resulting in John Johnson being killed, Joseph Dollar fatally injured, and three others seriously injured.

Governor Bushnell Not Well.

Columbus, Ohio, July 30.—Governor Bushnell has been confined to his residence at Springfield since last week by illness, and while it is announced that it is nothing serious his friends are somewhat apprehensive.

SCHULTZ USES GUN AT WATERTOWN, WIS.

HE SHOT HIS WIFE AND HIMSELF.

His Victim Will Recover, But the Ball Fird Into His Own Head, Did Its Work Instantly—He Threatened to Do It, and Kept His Word.

Watertown, Wis., July 30.—Albert Schultz, 30 years of age, having had trouble with his wife over family affairs, threatened to shoot her. He went up town, bought a revolver, and proceeded to the home of his wife. The couple had been separated for some time. He fired four shots at her, three of which took effect, one in the right cheek, one in the mouth, and one in the shoulder, none of the wounds being of a serious nature. He then turned the weapon on himself, the ball passing through the forehead, killing him almost instantly.

DAMAGE BY FLOODS.

Severe Storms Cause the River to Overflow in Connecticut.

Waterbury, Conn., July 30.—Waterbury is again deluged, the storm of Wednesday having swollen the Naugatuck river to an almost unprecedented height, and caused the Manhan canal to overflow.

In some directions the flood is not as damaging as the recent one, while the others it is more so. The Naugatuck river has overflowed its banks all along the line and the waters of the river are now said to be higher than for years. The Manhan canal became a torrent and its waters, escaping, have carried away about fifty feet of the track of the Naugatuck division of the New York, New Haven and Hartford railroad company, completely blocking traffic.

Hard Blow for Brewers.

Washington, July 30.—Not satisfied with the ruling of the commissioner of internal revenue that stocks of 92½-cent stamps in their hands prior to midnight of Friday, July 23, must be accepted in full payment of the dollar tax, the brewers are insisting that orders of stamps filed before the new tariff law went into effect shall be treated as having been filed, although the stamps could not be delivered. To this demand Commissioner Forman enters an emphatic "no." He draws the line at 12 o'clock, midnight, July 23, and says the brewers who failed to obtain actual possession of stamps previous to that hour will have to pay 100 cents on the dollar, no matter what arrangements they may have tried to make with local collectors for supplies.

British Troops in Danger.

Bombay, July 30.—The situation at Camp Malakand has become very serious. Word has been received that the natives in large force made a second attack on the fort Wednesday. The fighting was severe. Thirteen of the British were killed and thirty wounded, among the latter being Lieutenant Castello. The tribesmen lost one hundred. The worst feature of the situation now is that the garrison is short of ammunition, and it is feared that the whole supply will be exhausted before re-enforcements arrive. The government is making the greatest efforts to get these through in time.

To Dredge Yukon River.

Kankakee, Ill., July 30.—Irvin Powell of this city has traveled extensively in Alaska and the Klondike region is familiar to him. He believes a dredge boat could be worked to advantage on the Yukon and its tributaries. He has made careful estimates and asserts yellow metal to the value of \$3,600 or \$3,700 could be obtained from the river bed on a daily average. Mr. Powell will organize a stock company to try the new mining venture if he can interest people in it.

Three Already Killed.

Miami, I. T., July 30.—News has reached here that a free-for-all fight, in which two negroes and one Indian were killed, occurred at a picnic on Horse Creek in the Cherokee nation. The trouble occurred at a monster political gathering of followers of the national and Downing parties. The regular off-year political canvass is now on in the Cherokee country. Political matters have reached a white heat and much more trouble is looked for before the election next Tuesday.

Emperor Will Meet Bismarck.

Berlin, July 31.—A sensation has been created in Dresden by the publication by a newspaper of that city of the assertion that on his return from Norway Emperor William will meet Prince Bismarck at the house of Count Von Waldersee.

Wants a Special Session Called.

Chicago, July 30.—The Civic Federation, backed by hundreds of citizens of Chicago, is making an attempt to bring about a special session of the legislature, to be held next winter. The object will be to consider the revision of the revenue and primary election laws.

Wife of Senator George Dead.

Jackson, Miss., July 30.—A telegram from Carrollton, Miss., says Mrs. J. Z. George, wife of United States Senator George, died at that place Thursday morning. Mrs. George was in her 64th year.

BURGLARS AT WORK
AT MILTON STORETHE WATCHMAN USES HIS
REVOLVER.

Weapon Failed to Explode, But the Thieves Were Frightened Away—Second Attempt Made at Dunn, Boss & Company's Establishment This Year.

THE GAZETTE AGENCY
W. W. CLARK, Manager,
Milton, Wis., July 30, 1897.

At an early hour Thursday morning another unsuccessful attempt was made to burglarize Dunn, Boss & Company's store. The thieves failed to force the front door with a jimmy and then broke a plate glass window beside the north door. One of them stuck his head through the opening, discovered a light burning, announced the fact to his partner and withdrew. L. M. Babcock, who acts as night watch for Dunn, Boss & Company, stood behind a curtain revolver in hand during the time, prepared to accord the visitors a hearty welcome as soon as they got inside, but when they withdrew on discovering the light, he opened on them with his gun which failed to go off after the first fire and the burglars disappeared. This is the second attempt to rob the firm the present year.

SHORT RATES APPLY
THE AGENTS HOLDBELOIT INSURANCE BOARD
MAKES A RULING.

They Have Been Cancelling At Pro Rata Price, and Renewing at the Reduced Schedule, But Decide to Put An End to the Practice.

Beloit, June 30—At an adjourned meeting of the Local Insurance Association the matter of cancellation of policies now in force and rewriting at the new rates was considered, and action taken to the effect that from and after 12 o'clock July 29, all policies cancelled by the assured for the purpose of taking advantage of the low rates be cancelled at short rates only in accordance with the terms of the policy. This action was unanimous upon the part of the members of the association as it had been made mandatory by the companies and from which instruction there was no appeal.

Since the time the reduction of rates was announced, July 15th, all the local agents in the city so far as they could and felt justified in so doing have favored their patrons by cancelling their policies pro rata and rewriting at the low rate. This however cannot be done for the reason above stated.

The Secretary of the Local Association was instructed to publish this action upon the part of the association and the reason for it.

HE WAS MARRIED WHILE IN CHINA

Charles F. Gammon, of Beloit, Weds At Tientsin.

Beloit, Wis., July 30—Word from Mr. Charles F. Gammon of Tientsin, China, is to the effect that he is now a benedict. His bride is Mary E. Stanley, a missionary, who visited in Beloit two or three years ago. The exact date of the marriage is not known at the present writing. Very many old Beloit friends will unite with the Free Press in extending the happy couple their best wishes for their future happiness and success, and in hoping that it won't be many years before Mr. and Mrs. Gammon may be seen in Beloit.

Man Who Was Found Dead at Clinton

John Nelson, the farm hand who was killed by the cars near Clinton on Monday, was in this city last Friday. Soon after his arrival in town he proceeded to the R. M. Bostwick clothing store where he purchased a suit of clothes paying \$13 for it. Under-sheriff Wallace O'Connell who has been looking up evidence in this city, fails to find where Nelson spent any more of his money while here.

"PIG ROAST" MUCH ENJOYED

Very Pleasant Social Event At Crystal Springs Park

The "pig roast" at Crystal Springs park last evening was a very enjoyable affair. R. B. Harper furnished the choicest porcers that were to be had, while the Colvin Baking Company prepared them for the table in a faultless manner. After the banquet there was a cake walk and a dance. Those present were:

THE PEARL HUNTING CRAZE

Revived at Columbus by the Finding of Valuable Gems.

The pearl hunting craze of two years ago has been revived at Columbus with the result that the latter finds are superior to the gems found at that time. One of the finest pearls secured from a Wisconsin stream is in possession of James Brennan of that city, taken from a clam by his little son a few days ago. It is a perfect sphere in shape, of a beautiful pink hue, bright lustre and weighs thirteen grains. Its owner values it at \$200. Another one of the same tint and shape, though weighing only nine grains, was found by Herman Schiefel last Sunday. Since these two were found many hunters have returned to the search with renewed vigor, and the banks of the river there are again covered with clam shells.

SAYS LIBRARY IS A FINE ONE.

Miss Elizabeth Allen Compliments Janesville on Her Books.

Miss Elizabeth Allen, who has so successfully conducted the teaching of language, geography, and history in the department of methods at the summer school, closed her part of the work yesterday afternoon and tomorrow she leaves for a visit at her home in Geneva, New York. Yesterday Miss Allen delivered an interesting half hour talk on the "Use of the Public Library in Relation to School Work." She stated that the Janesville public library offered unsurpassed advantages to all who wished to learn, and for a town of this size the library was far above those in the average city of this size.

Who Can You
Believe ? ? ? ? ?

Were you to read the catalogue of every piano manufacturer in the United States you would find that about all claim to make the finest piano, the cheapest often making the greatest claims and having the most gilt upon the covers of their catalogues. You ask who can we believe. False prophets have made confusion in other days than these, so beware.

A personal examination of the interior of the many pianos will convince you that the REED & SONS PIANO is the finest finished piano in the world. You will admit this as you look into the matter more closely.

WEEK'S NEWS OF WALWORTH COUNTY.

A MAN IS MISSING
FAMILY IS WORRIEDCHARLES WILSON OF SUGAR
CREEK, DISAPPEARS.

Horse and Wagon Found Near Delavan Lake, and Many People Think He Committed Suicide—Duffy Robbed By His Partner—Other Walworth County News.

Sugar Creek, July 30—Since last Wednesday morning Charles Wilson, a Swede, has been missing. He was living on the Crosby farm in Sugar Creek, near the Norwegian factory. Wednesday morning he bade his family good bye and said he was going to Delavan and possibly to Millard to attend to some business matters, but he did not return. That evening the family became alarmed at his continued absence and the neighbors began a search. The next day his horse and wagon were found hitched near the inlet bridge and it was then believed by a great many people that Wilson had committed suicide by drowning. But after a thorough search around Delavan lake nothing could be found to verify that belief, except that somebody saw Wilson walking near the shore at old Petersburg on Wednesday. The woods were searched by a large number of Delavan men on Sunday as it was thought that Wilson might have hung himself, but his whereabouts still remains a mystery. The reason given for his strange disappearance is the fact that he was heavily in debt, had mortgaged his stock and it was evident that he could not meet his obligations as they became due. He has a wife and two little girls, aged about four and two years

respectfully. A great many think that he has left the country and take no stock in the suicide theory.

HIS CHUM WAS NOT "SQUARE"

A Delavan Workman Was Robbed By His Partner.

Delavan, July 30—A man named Duffy, who works at the lake, started to walk around the shore, leaving his coat, in the pocket of which was three dollars, in charge of a comrade who was working with him. On his return he found that his fellow chum had departed, taking with him the cash and also Duffy's horse and buggy. He started out on the trail and soon found that the horse and buggy had been sold to the gypsies for ten dollars, who in turn had sold the horse to another man for eleven dollars. Duffy succeeded in getting his horse, but the buggy had to be disposed of to liquidate the costs. On account of old friendship Duffy refused to prosecute, but the district attorney may have something to say about it.

WHITEWATER WANTS A CIRCUS

Ringling Bros. Are Given Inducements to Locate At That Place.

Whitewater, July 30—Whitewater offers the Ringling Bros. the old Esterly grounds and buildings provided they will make that city the winter headquarters for their circus. Representatives of the circus were in Whitewater Tuesday viewing the grounds, and the proposition will probably be accepted.

Delavan Now a City.

Delavan, July 30—The new city officers have been sworn in and they have commenced the discharge of their duties. Mayor Williams' nominations were nearly all turned down by the council. Mr. Williams is said to be a gentleman of good judgment and has the best interests of the city at heart. It is hoped the council will come to some understanding and that the organization will be soon running smoothly.

Walworth Boy Is Hurt.

Walworth, July 30—Albert Peters' hired man left a team hitched to a rake to get a jug of water that was standing by, and while he was drinking, Will Olds' little eight-year-old boy climbed upon the rake, when the horse started to run, throwing him off, breaking his shoulder and hurting him quite severely internally. An examination of the injuries shows that the little fellow is dangerously hurt.

SHARON LAD KILLED
BY HIS BROTHER

ACCIDENTAL SHOOTING RESULTS IN DEATH.

Bullet From the Rifle Carried By Frank Gile, Causes the Death of Little Rufus—The Gun Had Missed Fire and Was Thought to Be Empty.

Sharon, July 30—A very sad accident occurred at the home of Mr. and Mrs. Leslie Gile, when their little boy, Rufus, was shot with fatal effect, by his brother, Frank. The three little boys had been out in the field with their father, who had his 32 calibre target rifle, with him, shooting mourning doves. He came back to the house sometime during the afternoon and hid the gun. As the shades of night began to fall he sent the two boys after the cartridges. However the oldest boy Frank discovered the hiding place of the gun, which he shouldered to bring to the house, while Rufus, the smaller one, carried the cartridges. When the two little fellows got near the house Frank aimed the gun at a post and pulled the trigger. The hammer came down with a light click, but did not explode the cartridge, and Frankie concluded the gun was not loaded. As the oldest boy reached the top of the porch he turned around and aimed the gun in the direction of his little brother, who was coming up the steps. This time the gun was discharged, the bullet entering squarely in the center of the smaller boy's forehead, just at the brow of the hair. The unfortunate boy fell backward and died in about twenty minutes afterwards.

Heinz's Vinegar Reduced In Price.

Mrs. J. Lackner and Miss Beta Cassan of Marinette, assisted Mrs. J. C. Chamberlain, Tuesday.

Barker's Corners Gossip.

Barker's Corners, July 30—The city of Janesville was quite well represented at the ice cream social Wednesday night. All that was lacking to make it a success was the cream. George Cavens, of Janesville, while visiting Glenn Flagler, fell from a pony and sprained his arm quite badly. Felix Flager of Chicago, spent Monday in this vicinity. He was on his way to Eau Claire to spend his summer vacation. Mr. and Mrs. John Warner of Iowa, are the guests of her sister's Mrs. William Hodge. Bert Gage has been camping the past few days with his sister and mother at Second Lake.

Surest Tranquilizer of the Nerves.

The surest tranquilizer of the nerves is a medicine which remedies their super-sensitiveness by invigorating them. Over tension of the nerves always weakens them. What they need then, is a tonic, not a sedative. The latter is only useful when there is intense mental excitement, and an immediate necessity exists for producing quietude of the brain. Hostetter's Stomach Bitters restores tranquility of the nerves by endowing them with the vigor requisite to bear, without being jarred or disturbed unhealthfully, the ordinary impressions produced through the media of sight, hearing and reflection. Nay, it does more than this—it enables them to sustain a degree of tension from mental application which they would be totally unable to endure without its assistance. Such, at least, is the irresistible conclusion to be drawn from the testimony of business and professional men, litterateurs, clergymen, and others who have tested the fortifying and reparative influence of this celebrated tonic and nerve.

SCHOOLS IN SUMMER TIME

Educator Who Believes the Long Vacation Is a Waste of Time.

Would it not be a good thing if a large proportion of the children between six and eighteen, especially in the cities, were in school instead of on the street during the summer? If school work is not made too hard, is there any reason other than custom for pupils suspending their work for one-fourth of the year? Even if the above is not admitted, would it not be an advantage to pupils to be able to attend at any time of the year which is most convenient? Would not the adoption of the quarter instead of the year as the unit in grading, also be of great advantage, not only to the irregular pupils, but to exceptionally quick and exceptionally slow children who now have to advance or fall behind a whole year at a time?

The above facts and questions suggest the idea that possibly we are just entering upon a new epoch in the history of the development of education in this country—an epoch in which schools of all kinds will be a continuous instead of an intermittent factor in our national life. It is certain at least that all thoughtful educators will watch with interest the development and spread of the idea as it is discussed in the papers and in educational gatherings and as it is worked out in the schools adopting it.—From "Continuous Sessions of Schools," by Prof. E. A. Kirkpatrick, in Review of Reviews.

A NECKLACE OF PEARLS

Is a beautiful possession. If a woman owns one, and if a single pearl drops off the string, she makes haste to find and restore it.

Good health is a more valuable possession than a necklace of the most beautiful pearls, yet one by one the jewels of health slip away, and women seem indifferent until it is almost too late, and they cannot be restored.

To die before you are really old is to suffer premature death, and that is a sin. It is a sin because it is the result of repeated violations of nature's laws.

Pain, lassitude and weariness, inability to sleep, dreadful dreams, starting violently from sleep, are all symptoms of nerve trouble.

You cannot have nerve trouble and keep your health. In ninety-nine cases out of a hundred the womb, the ovaries and the bladder are affected. They are not vital organs, hence they give out soonest.

Mrs. Lydia E. Pinkham's Vegetable Compound, by building up the nerves and restoring woman's organism to its natural state, relieves all these troublesome uterine symptoms. In confirmation of this we, by permission, refer to the following women, all of whom speak from experience: Miss CELIA VAN HORN, 1912 Sharswood St., Philadelphia, Pa.; Miss GRACE COLLARD, 1434 Eastern Ave., Cincinnati, O.; Mrs. NEWELL, 50 Ryerson St., Brooklyn, N. Y.; Mrs. ISABEL OBERG, 220 Chestnut St., Woburn, Mass.; Mrs. A. H. COLE, New Rochelle, N. Y., and many others.

For special symptoms Mrs. Pinkham has prepared a Sanative Wash, which will cure local troubles. Give these medicines a trial.

Write to Mrs. Pinkham, Lynn, Mass., if you are not quite satisfied; you can address private questions to a woman.

ANOTHER WISCONSIN SCANDAL.

Wisconsin made a memorable record in Washington during the last four years. Take the pine land transaction, the sugar purchases, the war department entanglement, the lake front decision and all the rest, and Wisconsin stock may well stand below par around the capitol. Commissioner Lamoreaux, of the general land office, had enough to explain in the lake front case to keep him fairly busy, it would be supposed, but there are other irons in the fire. Land office frauds that are said to have cost the government \$1,000,000 are now being probed.

The frauds in question grow out of what are known as the Benson claims and are based on false surveys in California and many western states. The last of the claims remain unsettled and Commissioner Lamoreaux did his best for three years to give Benson and his associates all that they asked for. He might have succeeded had not Secretary Francis, in one instance, and present Commissioner Binger Hermann in another, blocked him. Commissioner Lamoreaux first prepared an estimate to go into one of the appropriation bills for \$50,000 to satisfy all of the remaining claims in these fraudulent survey, but Secretary Francis would not approve the estimate and it was not submitted to congress. Lamoreaux cannot offer ignorance as an excuse for his action, because he prepared the estimate under protest of H. L. Collier of Georgia, one of Secretary Hoke Smith's appointees and an expert, who had made careful examination of the surveys, was well satisfied that they were fraudulent. Collier, for his pains, was dismissed by Lamoreaux's orders.

When Binger Hermann succeeded Lamoreaux as commissioner of the land office, he soon discovered that his predecessor had approved the accounts for the five remaining "Benson surveys," and had sent them, in all amounting to \$50,000, of which \$35,000 was for surveys and \$15,000 for other claims, to the treasury department for payment as soon as an appropriation might be available. This also was done against the protest of Inspector Collier.

Since Commissioner Lamoreaux left the land office a searching investigation has been begun. H. L. Collier, the special agent who protested when Commissioner Lamoreaux approved certain contracts and was dismissed for his trouble, has been re-instated by Commissioner Hermann. Moreover, he has been instructed to resume his old work and bring together all the evidence obtainable in relations to these fraudulent surveys which Benson has been making under his compromise, and if any more crookedness is unearthed, the matter will be called to the attention of the department of justice for action.

The report that Secretary Sherman is to be crowded out of the cabinet to make room for Whitelaw Reid is discredited by the New York Sun. The sun brings up recollections of the Cleveland regime by suggesting that "unfortunately for the Hon. Whitelaw Reid's ambition, this happens to be a warm-blooded administration. The McKinley cabinet is no aquarium."

The champion har's belt should be forwarded to the editor of the Washington Times, who says the results of the McKinley tariff "were so disastrous as to cause a general revulsion against the policy of protection." The country was never more prosperous than under the McKinley law. It was the belief of democratic lies that brought all the trouble.

The way they talk about Commissioner Lamoreaux gives General Doe the gratifying assurance that he was not the only one. Before long every-

thing in Washington will be nailed to the floor when a Wisconsin man's arrival is announced.

We are willing to admit that the democrats helped to bring about a return of good times. They adopted a national platform that made republican success certain, and republican success was what brought back prosperity.

Congress didn't do all that some people expected it to do at the extra session, but a reference to President McKinley's message calling it together will show that it did all that it met to do.

No speaker of the house ever had the support of the best element of the country to a greater extent than Speaker Reed had during the extra session of congress just closed.

Now that Congress has adjourned the democratic editors have taken a fresh hold on their project of retiring Secretary Sherman from the cabinet.

England is willing to participate in a discussion of the silver question if she can have her own way about the Klondike gold.

Since the McKinley administration has had a fair chance, United States government bonds have broken the price record.

Senator Hanna is business man enough so that his promise of a business revival is worth considering.

Silver sells in London at 26½ pence a pound, the lowest ever known, and wheat climbs upward steadily.

Somebody down east must think the coal strike is about ended. Coal stocks are advancing steadily.

Mr. Bryan shows jealousy of Mr. Andrews, of Brown university.

Silver is again lower, and cotton and wheat are again higher.

Gold is selling at 116½ in free silver Mexico.

Rainbow Salmon.

Carnegie Library for Stirling.

Edinburgh, July 30.—Andrew Carnegie has offered the town of Stirling, the seat of the palace and parliament house built by James V., the sum of \$6,000 for a public library building.

A Merited Rebuke.

"And you are the gentleman who was saying that a woman knows nothing of economy!" exclaimed the business man's wife, as she surveyed the scene of the burglary.

"Why, this loss is one that I couldn't have foreseen. I locked everything up with scrupulous care."

"Of course you did. Nobody but a man would have thought of compelling burglars to ruin a \$250 safe in order to get \$11 in money and a bundle of promissory notes."—Washington Star.

The Longest Way Round.

"No," said the legislator, "an inheritance tax will not do for this state. It will drive capital outside our borders." "That's true," replied the other; "but I'll tell you what we can do, and it will answer precisely the same purpose."

"What is that?" "Make every lawyer who wins a will case pay a percentage of his fee into the public treasury."—Washington Star.

It Was Evident.

"She says it's her first summer at the seashore."

"It was unnecessary for her to mention the fact. All of the rest of the girls knew it."

"Made some fearful blunder, has she?"

"Well, I should say so. Why, she actually wore her bathing suit into the water."—Chicago Post.

A Modified Order.

Cowboy (striding into the Round-Up saloon)—Gimme a drink, an' be quick about it if ye know what's good fer ye. I ain't goin' ter pay for it, nuther.

Experienced Bartender (suddenly covering him with a revolver)—What'll ye have?

Cowboy (blanching)—Water. I s'pose that's the only drink that's free.—N. Y. Weekly.

An Incurable Case.

Con Vivial—Doctor, my wife suffers greatly from insomnia.

Physician—Insomnia? How do you know?

Con Vivial—Why, every time I come home at two or three o'clock in the morning I always find her wide awake!—Tit-Bits.

Buying by Wholesale.

"Can't I get these two-cent stamps cheaper if I take a quantity?" asked Mrs. Chestnut, of the stamp clerk at the Philadelphia post office.

"I can let you have a dozen for a quarter," replied the clerk.

"Very well. I'll take them."—Harlem Life.

Getting It Back.

"I see the railroad bumper has so much stock in it has gone into the hands of a receiver."

"Too bad. I suppose he has lost everything?"

"Oh, no. He has been appointed the receiver."—Brooklyn Life.

IN A CRASH OF DEATH

Big Four Train Wrecked and Two Men Are Killed—Two Also Fatally Hurt.

Thorntown, Ind., July 30.—The east bound night express, No. 34, on the big 4 road, was wrecked at a switch just west of the Thorntown station at 2:21 this morning. The killed:

SETH WILSON, Engineer, residence Greensburg, Ind.

B. CRICKMORE, Fireman, Indianapolis, Ind.

The injured:

HENRY PEBBE, Cleveland, Ohio, badly scalded, will die.

CHARLES CAVENIER, Cleveland, Ohio, scalded and crushed, fatally probably.

Foes of Liquor Traffic.

Ocean Grove, N. J., July 30.—Foes of alcoholic liquors to a total of several thousands assembled here Thursday in the sixteenth annual convention of the National Temperance Society. Joshua A. Baily of Philadelphia, noted as a humanitarian and philanthropist, called the convention to order in the Auditorium and responded to the address of welcome made by Rev. Dr. Peter Stryker in behalf of Ocean Grove.

Beyond Her.

"Where are you going, my pretty maid?" "Oh, ask me not!" she gasping cried. She could not tell, for the pretty maid was just beginning to learn to ride.

—N. Y. Truth.

Mad as a March Hare.

"As you say my daughter is willing to marry you, I must tell you a secret. There is madness in our family."

"Indeed! You alarm me! What is your daughter's mania?"

"Her mania, sir, consists in her willingness to marry you!"—Tit-Bits.

Strange.

"The milk is very warm when it reaches us these mornings," announced the lady of the house.

"I don't see how that can be," murmured the milkman, "we always put ice cold water in it just before leaving the farm."—Detroit Free Press.

The Inevitable Consequence.

Miss Gush—What do you suppose the result would be if we could hear what our friends say about us in our absence?

Miss Canter—I think we'd have a trifle more modesty and considerably fewer friends.—Brooklyn Life.

WHITE FALLS DEAD BESIDE THE WELL

JOHNSTOWN FARMER WAS
SUDDENLY CALLED.

Daughter Found Him Unconscious, and He Was Dead When Dr. Rockwell Reached Him—Was One of the County's Early Settlers—Other Mortuary Mention.

Christian White, of Johnstown, one of the pioneer residents of Rock county, was found dead beside his well at 5 o'clock yesterday afternoon, by his daughter, Julia. Heart disease caused his demise.

George McWhinney, who lives on the Morse farm, left Mr. White but a few minutes before his death. Mr. McWhinney had gone to White's place to borrow a hay rake. They talked a few moments, and McWhinney left for home. Mr. White was standing by the well, and after McWhinney left, started to pull up a bucket of water.

The task was not completed. Five minutes later, Miss Julia, Mr. White's youngest daughter, saw him lying on the ground. Seeing that he was unconscious, she ran for Dr. Rockwell, who lives close by. The doctor answered the call, but found Mr. White to be dead.

Mr. White had not been well for some days, having complained of a pain in his shoulder. Yesterday he complained that the pain had "gone further down," and it is thought that his heart became affected.

Mr. White was seventy years old, and had resided in Rock county for forty years. He was a hard-working man, and was universally respected. He leaves a wife and five children. Two sons, Peter and James, are residents of the county, as are also three daughters—Mrs. Kate McCann, and Misses Lizzie and Julia White.

The funeral will be held from the residence Saturday morning at 9 o'clock and from St. Mary's church in this city at 11 o'clock. The interment will be in Mount Olivet cemetery.

Joseph Baker.

A telegram received here this morning by Thomas F. Baker of 401 South Bluff street, announced the death of his oldest brother, Joseph Baker, of Green Bay. Mr. Baker was a well known Grand Army man, being orderly sergeant of Company G, Thirtieth Wisconsin Regiment. He was 64 years old and was for 31 years a resident of Green Bay.

David Balch.

J. H. Balch last evening received a dispatch announcing the death of his father, David Balch, at Medina, N. Y. Mr. Balch was one of the pioneers of western New York and had resided on the farm where his demise occurred, for fifty-six years. He was ninety-three years of age.

WRITES OF KLONDIKE REGION

Edgerton Man Tells of That Noted Section and Its Prospects.

James McIntosh, the veteran tailor of Edgerton, has received a letter from his son James, who has been in Montana for several years, written from Dawson City, Alaska, under date of June 13, from which the following is a quotation:

"I arrived here safe and sound May 17 among the first boats that followed the ice down the Yukon river. Some who were ahead of us were too early and were swamped. I went to work as soon as I packed some grub, twenty miles on the Bonanza Creek, which empties into the Klondike, a tributary of the Yukon, at Dawson. Wages are \$1.50 per hour—\$15 per day. Flour \$12.00 per cwt. I intend working for wages this summer as the claims were all staked out this fall, but not worked much until after January when they were found to be very rich, going from 25 cents to \$300 to the pan—not in one or two claims but nearly all worked. Most claims have from 6 to 25 feet of soil to bed rock and will be worked during the coming winter. There are a lot of men going out of this camp with from \$10,000 to \$25,000 and I am in hopes to have a home stake soon myself. A young man in good health who has to work for wages outside should never stay away for here is a chance to become independent. It is the best country I know of for a single man. I got acquainted on the trip out with a man and his wife by the name of Hawkins, who used to live near Lake Koshkonong. Harry Son must know them. I think they must be in by this time, as they stayed back waiting for the ice to go out of the lakes before coming down the river. If any of the boys have any notion of coming here, if they will write, I will give them information in regard to making the trip. The last boat leaves in September."

APPLEBY WONT GO FOR GOLD

Letters From Western Friends Says This Is a Bad Time to Start.

Officer W. H. Appleby says that as bad as he has the Alaskan gold fever he will not go to that frozen country this fall. Friends of his in the west have notified him that this is the worst time of the year to start for the reason that one would find great difficulty in securing a steamer bound for that region. Also, after one had landed he would be likely to freeze to death. The month of March his informant says is the best month in the year to make the trip.

BURKE IS SENT UP FOR THIRTY MONTHS

BURGLAR PLEADED GUILTY
THIS MORNING.

Admitted That He Robbed the Indian Ford Store, and That He Had "Served Time" Before—Taken to Waupun at Noon—Hess and Saunders in Court.

Patrick Burke, alias "Paddy" Burns, burglar, is back at his old bench in the prison at Waupun.

Robbing the store of George Lackner, at Indian Ford, was not a profitable job for Burke, as he must serve the state for two years and six months for the pleasure it afforded him. He admitted in court this morning that he "had been there before."

Burke admitted his offense when Sheriff Acheson took him before Judge Phelps this morning, and pleaded guilty. When asked if he had anything to say, he hesitated. Afterward he said he came from Canada. His wife, he stated, was dead, but he had a five year old son in that country. He admitted that he had been in prison before, but aside from that, he maintained a discreet silence.

Burke is about forty years of age. He is smooth shaven, and looked neat and clean in his modest, dark colored suit.

Sentence Began At Noon.

His offense was the robbery of Lackner's store at Indian Ford. He effected an entrance at the back door, and secured a large quantity of plunder, very little of which has been found. He was arrested at Madison and brought back here a few days ago.

Sheriff Acheson took him to Waupun on the noon train, his sentence beginning at noon today.

"Jack" Hess and "Bill" Saunders were also before Judge Phelps today. In marked contrast with their conduct on previous occasions, they had nothing to say today, and let their attorney, S. M. Smith, do the talking.

Attorney Smith asked for a change of venue to the circuit court, and the court granted it. Hess and Saunders were then taken back to jail to remain until fall, when they will appear before Judge Bennett. As they have been in jail for about two months, and will have to remain there until October, they will have served quite a sentence before they get a trial.

BEGIN SUITS FOR DAMAGES

Town of Porter Men Want Railroad Company to Pay.

Two damage suits against the St. Paul railway have been commenced in the circuit court by Attorney G. H. Metcalf of Edgerton, for his clients, William Kennedy and Frank Hanke of the town of Porter. The suits are the result of an accident that occurred at the depot of that city about two months ago, when a wagon driven by Hanke was run down at the crossing east of the depot by the evening passenger train and both of the complainants thrown some distance and injured. The claim agent of the company investigated the accident and declined to make a settlement, hence the suits have been brought. Kennedy, who sustained a broken arm, demands \$5,000 damages, and Hanke \$3,200. The cases will be booked for trial at the next term of the circuit court of Rock county.

WANTED JANESVILLE GOLFERS

Milwaukee Club Telegraphs for the Mississippi Players to Come Tomorrow.

A telegram was received from Milwaukee today, asking the Janesville golf team to play in Milwaukee Saturday. A match between the Milwaukee club and the St. Paul club has been arranged, and it is assumed that the St. Pauls are unable to go or that a double match is desired. It was impossible to get together a Janesville team on such short notice, so the invitation was regretfully declined.

THIS WAS A PRETTY HOT DAY

Thermometers Got Up to Ninety-Six Above Zero.

The thermometers registered as high as 96 degrees above zero today, which makes this the hottest day we have experienced since the "spell of weather" several days ago. At noon at the corner of Main and Milwaukee streets, the thermometer registered, in the shade, 92 above.

ASSIGNEE FULTON WINS TEST CASE

ODD FELLOWS MUST PAY ASSESSMENTS.

Judge Goss, of Oshkosh, Decides That the Delinquents Must Pay Up—Interested Parties Had Combined to Fight the Claim—Ruling of Importance.

Oshkosh, Wis., July 30—[Special]—Assignee Fulton, of the Wisconsin Odd Fellows Mutual Life Insurance Company, won an important victory in the courts here today. Some sixty holders of lapsed policies in the company joined in defending a suit brought to recover dues for which they owed. The defendant was J. O. Stevens, an ex-mayor of Oshkosh, and the case was hotly contested before Judge Goss.

The assignee, who has been very lenient with the delinquent members up to this time, now intends to bring suit promptly against all the members of the company who refuse to pay up. Between ten and twelve thousand dollars are due the society from these members, and as the case tried here was a test, it is of much importance.

TOBACCO TRADE IS QUIET

Edgerton Reporter Has Few Sales to Note These Days.

Tobacco business is still quiet in all the local markets, though symptoms are developing that betoken an improvement in the cured leaf trade. The Edgerton Reporter says. A. S. Flagg reports the purchase of a few small lots, C. L. Culston the sale of 200 cases and Andrew Jensen one of a 22 cases lot which comprise the transactions coming to our notice for the week.

Another good soaking rain early in the week has served to keep the growing crop booming right along, improving its prospects every day. At this date it has the appearance of equaling that of '96 in rapid development. A good topping will be done the coming week.

A few carloads will cover all the shipments out of storage here to all points for the week.

BABE HRD A VERY CLOSE CALL

Child of Mr. and Mrs. Shorb Knocked Down By a Buggy.

The infant son of Mr. and Mrs. H. M. Shorb came near meeting with serious injury last evening at 7:30 o'clock while attempting to cross Main street near Carrington street. When the child was in the middle of the street, a farmer came along driving a horse, and before he caught sight of the child, his buggy struck the infant knocking him down. The wheels passed within a few inches of the baby's head, but he luckily escaped with but a few bruises.

Glad to Get Rid of Her.

"I have come to ask for the hand of your daughter in marriage," began the young man, tremblingly.

"What's that?" exclaimed the stern parent, dropping his paper and reaching for a six-pound paper weight which lay temptingly near on his library desk.

Just then the subject of the conversation was heard in the next room at the piano, lustily dispensing: "My mother was a lady, and I'm a lady, too."

The old man's quick ear caught the sound. Hastily replacing the paper-weight, he arose, ushered the man to the door, and exclaimed before closing it after him:

"Take her, my boy, she's yours!"—Yonkers Statesman.

Georgia Man Who Walks on Water.

From the Atlanta Constitution: Prof. Robert Cook, of Americus, Ga., whose marvelous feats of walking on water have attracted widespread attention in Americus, was reared here and until two years ago was actively engaged in mercantile business. He was on the Chattahoochee River at Columbus this week, going thence to Lake Pontchartrain to practice for a walk on the Ohio River from Pittsburg to Cincinnati.

"He measured the temperature of the gulf stream and discovered that north-east storms may begin in the south-west."

He pointed out the advantage of building ships in water-tight compartments, taking the hint from the Chinese, and first urged the use of oil as a means of quieting dangerous seas.

Besides these great achievements, accomplished largely as recreation from his life work as economist and statesman, Benjamin Franklin helped the whole race of inventors by a remark that has been of incalculable value and comfort to theorists and dreamers the world over. When some one spoke contemptuously of Montgolfier's balloon experiments and asked of what use they were the great American replied in words now historic: "Of what use is a new-born babe?"

John Griffin of Zanesville, Ohio, says: "I never lived a day for thirty years without suffering agony, until a box of De Witt's Witch Hazel Salve cured my piles." For piles and rectal troubles, cuts, bruises, sprains, eczema and all skin troubles De Witt's Witch Hazel Salve is unequalled.

It is not so much that the advertiser has good ads or good mediums or good positions. Unless a definite, vigorous plan lies behind all these, much of their good effect will be dissipated. It is by the combination and intelligent direction of all these forces that success in advertising is to be obtained.

Don't nauseate your stomach with teas and bitter herbs, but regulate your liver and sick headache by using those famous little pills known as De Witt's Little Early Risers. C. D. Stevens.

Want Resignation Recalled.

London, July 30.—The national executive committee of the British Woman's Temperance Association, comprising 100 representative women from all parts of Great Britain, have by their votes requested Lady Henry Somerset to remain at the head of the association. It is believed that Lady Henry Somerset will comply with this request.

DIABETES

is a disease which if allowed to fasten its hold upon the victim will surely land him in a premature grave. It is caused by inactive kidneys. They fail to filter from the blood the impurities and poisons which it takes up from the food, and which should be thrown out of the system by way of the urine.

Weak or inactive kidneys and all symptoms of Diabetes can be

CURED

It is pretty tough on a man who has to work for a living to be a constant sufferer from weak kidneys and backache as I have been for many years. Being laid up at home so often with my aches and pains, I have lost a good many days' work. The doctors called my trouble diabetes. It is a source of pleasure to me now to say after using a box of Dr. Hobbs' Spargus Pills, that they have knocked a lot of those old pains out of me. I can work hard all day without feeling the least bit tired out. In fact, I think I am about as healthy as anybody now and must thank you for it. JACOB SCOTT, Outer Grant St., Evansville, Ind.

Good Printing...

Is like good painting—it demands and obtains a second glance. The second glance leads to thought about and knowledge of the thing portrayed, and then on to the artist or advertiser.

The kind of printing as well as the kind of painting that it pays to do and to have done is that which obtains this "second glance." Plenty of the other kind!

We are PRINTERS. Our work obtains glances of admiration, and thus leads on to the end desired. We don't do the "other kind." Put our job room to the test.

"IT MAKES ME HUNGRY"

just to look at your store; everything is so nice and clean." We are proud of such words as those from our customers, and try to deserve them. Not a shelf in our store but is emptied once a week and carefully wiped--the shelf and everything on it. We began doing this so we could keep things looking nice and clean, but we find the arrangement a great help in **keeping** them nice and clean and fresh and tempting. Those words do add to the money value of things good to eat, don't they? But you will not find our prices any higher for the extra care we take. We get our advantage in the increase of trade.

KNOW HIS BUSINESS.

Photographer (to sister)--I saw you at church last Sunday, Miss Skeate.

Sister--O, did you?

Photographer--Yes; and also your friend Miss Brown. (If you could raise your chin a trifle. Thanks.)

And what an atrocious-looking hat she had on. (After a pause) There, Miss

Skeate, it is over, and I think we have caught a very pleasant expression.--

Punch.

HEINZ'S famous pure cider vinegar 25 cents a gallon at Sanborn's.

How He Explained It.

Hunkins--See here, doctor, you told my wife she couldn't run her sewing machine, didn't you?

Dr. Pilgarlick--Yes.

Hunkins--And yet you said she might ride the bicycle?

Dr. Pilgarlick--Yes.

Hunkins--Well, I'd like to know how you reason it out?

Dr. Pilgarlick--I don't reason it out at all. There isn't any room for reason in your wife's case.--Cleveland Leader.

Too Bright.

"And you never make mistakes in spelling, I suppose?" said old Bullion to the young man who wanted to be his private secretary.

"Never," said the young man, with a superior smile. "I should say not, sir."

"Well, then," remarked old Bullion, turning to his work, "you won't do at all. I don't want any young man to work for me who knows more than I do myself."--Somerville Journal.

The Supreme Test.

"Before we wed," the wife remarked, "You sighed, on bended knee,

For some brave deed that you might do To show your love for me.

That happy chance is now at hand, Your flag of war is furled,

Go down into the kitchen and Discharge our dinner girl."
